MusicLearningCommunity.com Theory Game Contest

Play as many new theory games in your level beginning Dec. 1st – Jan 1st completing at least PLAY. You **MUST** reach the target score for it to count as one game. Each separate game is worth 1 game point. If you find that you are not reaching the target score, you may want to back up and “learn” the game first and try again. No need to keep track on paper as I will check on your log online. You can check your own progress and scores by clicking on score report. Let the playing begin!

Holiday Practice Contest

The annual holiday practice contest begins Dec. 1st through Jan. 1st. The goal is to get the most minutes during this time frame. **Download the practice contest sheet under the Newsletter link on my website, click on Holiday Practice Contest Sheet.** Students must record their minutes inside each Candy Cane stripe.

Students can work on: Christmas Music (play like crazy!) Ensemble piece, Sight-reading, earning badges going ahead in your method books, find a new you would enjoy learning... This is the perfect time of year for you to challenge yourself!

Parents and students must sign the practice sheet before turning it in.
